Ignition Protected Relays

All relays are not created equal! Relays can look very similar on the outside, but design, materials, and construction make a significant difference in reliability and safety. Picker makes one of the most popular automotive relays on the market. These relays are certified SAE J1171, UL1500, and ISO 8846 for Ignition Protection and ideal for marine, automotive, construction equipment, lawn & garden, ATV and golf cart applications. Available in all common footprints, from Mini ISO to Micro ISO 280, you are guaranteed to find a relay for your application.

PC792A - MINI RELAYS

Waytek Part #	Volt Rating	Contact Action	Amp NO	Rating NC	Notes
75617	12	SPDT	40	30	5 Terminals
75616	12	SPDT	40	30	5 Terminals, Resistor
75619	12	SPDT	40	30	5 Terminals, Diode
75623	12	SPDT	40	30	5 Terminals, Bracket
75620	12	SPDT	40	30	5 Terminals, Bracket, Resistor
75621	12	SPDT	40	30	5 Terminals, Bracket, Diode
75633	12	SPDT	40	30	5 Terminals, Metal Bracket, Skirted, Diode
75615	12	SPDT	40	30	5 Terminals, Metal Bracket, Skirted, Resistor
75642	24	SPDT	25	20	5 Terminals
75643	24	SPDT	25	20	5 Terminals, Diode
75641	24	SPDT	25	20	5 Terminals, Bracket

PC795 - MAXI RELAYS

Waytek Part #	Volt Rating	Contact Action	Amp NO	Rating NC	Notes
75645	12	SPST	80	----	4 Terminals, Diode
75649	12	SPST	80	----	4 Terminals, Resistor
75648	12	SPST	80	----	4 Terminals, Metal Bracket, Resistor
75650	12	SPST	80	----	4 Terminals, Metal Bracket
75644	12	SPDT	80	60	5 Terminals, Diode
75646	12	SPDT	80	60	5 Terminals, Resistor
75647	12	SPDT	80	60	5 Terminals, Metal Bracket
