

**Serving Thousands
in the Specialty Vehicle
and Equipment Industry
Across the Nation.**

We Do Our Part So You Can Do Yours

At Waytek, we know our customers are building something bigger. Something with a purpose. Something with a plan. So, we strive to be the easiest part of your build. To deliver the right products, right away. To provide quality no matter the quantity. Because our job is to make your job easier.

We know that having the right electrical parts on hand and available for same day shipping keeps your project running smoothly. So we have thousands of components from premier manufacturers on our shelves and ready to ship. We ship over 99% of in-stock orders same day!*

“Waytek continues to be a number one supplier for us, with great customer service and a huge selection of the items we use on a daily basis to upfit emergency vehicles.”

Kyle Malin at West Chatham Warning Devices

* In-stock orders received before 3pm EST.
