Once you have confirmed you have the correct parts and quantities in your cart, click on the "Save Cart" button.

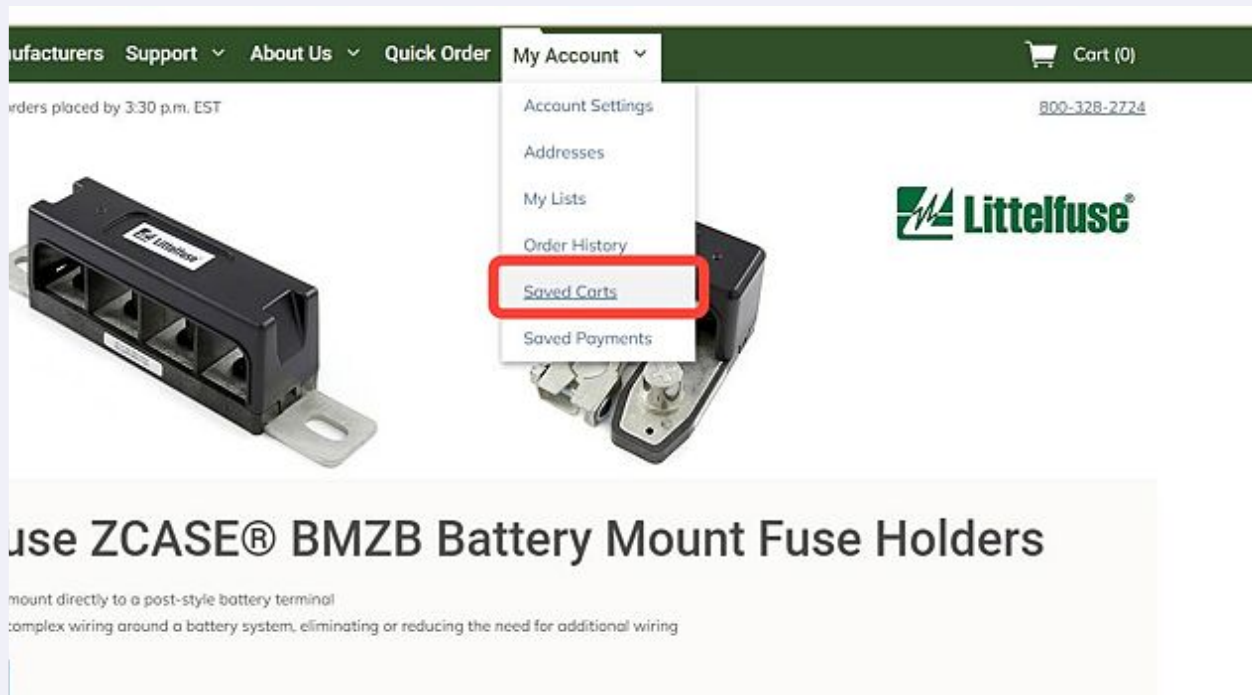

9

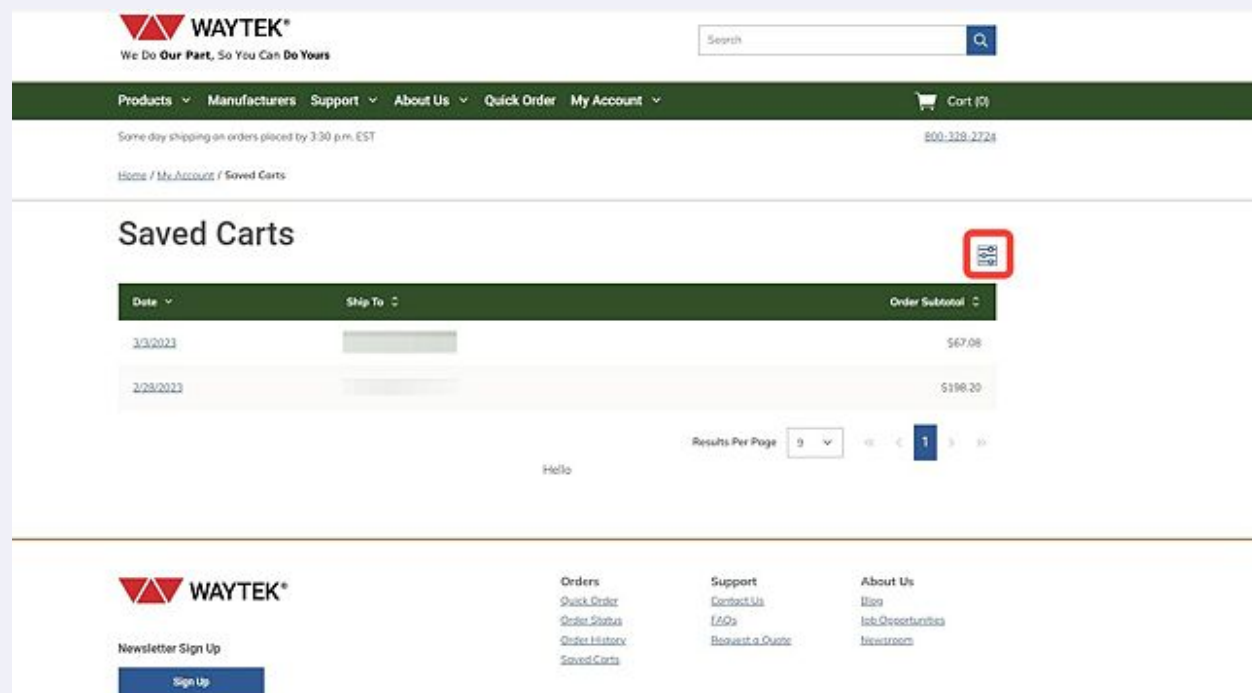

Once you've saved your cart you will be shown your Saved Cart Details. From here you can print, delete, create a list, or place an order.

- 10 To access your saved cart, navigate to My Account>Saved Carts.

- 11 If you have multiple saved carts, you can click on the filter button shown below.

- 12 The filtering options are Order Subtotal and the option to search within a date range using the "From" and "To" date fields.

The screenshot shows the 'Saved Carts' page. At the top, there is a navigation bar with links: Products, Manufacturers, Support, About Us, Quick Order, and My Account. Below this, a message states 'Same day shipping on orders placed by 3:30 p.m. EST' and a phone number '800-328-2724'. The breadcrumb trail is 'Home / My Account / Saved Carts'. The main heading is 'Saved Carts'. A filter section is highlighted with a red box, containing a dropdown for 'Order Subtotal' (set to 'Select'), a text input field, and two date pickers for 'From' and 'To' (both set to 'mm/dd/yyyy'). A 'Clear Filters' button is located to the right of the filter section. Below the filter section is a table with columns: Date, Ship To, and Order Subtotal. The table contains two rows: one with date '3/3/2023' and subtotal '\$67.08', and another with date '2/28/2023' and subtotal '\$198.20'. At the bottom right, there is a 'Results Per Page' dropdown set to '9' and a pagination control showing '1' of 1 pages. The word 'Hello' is visible at the bottom center.

- 13 To view the details of a saved cart, click on the date of the cart you wish to open. This will open to the Saved Cart Details page.

This screenshot shows the same 'Saved Carts' page as the previous one. The filter section is no longer highlighted. In the table, the date '3/3/2023' in the first row is highlighted with a red box, indicating it is the selected item to click. The rest of the page, including the navigation bar, breadcrumb trail, and pagination controls, remains the same.
